

The Rotarians Ophthalmoscope Initiative (ROI)

A District 1260 and RIBI Centennial Project

Whilst only launched in March at the District 1260 Conference in Cardiff, thanks to Club donations in over a third of RIBI Districts, the Optyse™ ophthalmoscopes is already starting to help save sight for millions in over 30 less developed countries.

Why not find out more about this major humanitarian project. Take a look at Stevenage Grange's website www.sgrc.org.uk There you will find a range of download material, as well as a donation form for Club & personal use.

Please do help create awareness about preventable blindness generally, the ROI, and how our Club can contribute in helping prevent some 1.5m million people going blind needlessly this year and every year.

**ROI working under the umbrella of VISION 2020, THE RIGHT TO SIGHT,
in association with Sight Savers International and other global eye charities.**
